The Town Manger was satisfied that the committee's action was appropriate.

Valente: Reviewed the memo prepared by (JT) requesting a

(ET) noted that the Town Planner prepared the application and forwarded it to Preserve Rhode Island nominating the Town Council for the reward and highlighting the work performed by this committee.

Valente: Noted that he had spoken to the attorney for the Old Warren Marina property owners regarding their action to request a change to the historic deeds on their properties to eliminate this committee from the design review process, etc. Their attorney stated to the Chairman that the application to change the deeds scheduled for the Town Council's September meeting was cancelled. The attorney also recommended to his client to hire an architect to design any new construction buildings that would be submitted to this committee for approval.

Valente: Requested a motion to adjourn which was made by (ET), seconded by (JD) and passed unanimously at 9:18 PM.

Respectively submitted:

Subject: Re: September 26 meeting minutes

Hi Ed:

I would like some additions to the meeting minutes.

After Valenti's paragraph starting with "Review the memorandum from the Town Manager regarding the concern expressed by the Tax Assessor regarding the approval of projects when work was already completed thereby granting tax credits in arrears"

I would like My following comments added:

"JDS requested a copy of the letters be given to all committee members. He also noted that other projects such as the Broad St Home and Janice Williams Home had been approved after work had been completed. JDS feels that with the issuing of the letter by the soliciter and our own committee's rules and regs makes it clear that projects should not be approved retroactivley."
